## **Ordering & Contact Information**

### **ORDERING:**

Please send the following:

- a list of the items being ordered,
- the address they will be shipped to,
- Whether or not you would like us to send you a PayPal invoice for easy payment.

To the eMAIL or mail address shown below.

NOTE: We reply to several hundred e-mail inquiries every week. We can't always remember every previous e-mail correspondence we have had when you call us up or mail us an order. During order placement you **MUST** reference any special options, requirements, etc we agreed upon, either verbally or in writing, or we cannot guarantee that your special requirements will be included on the order. **Catalog prices do not include shipping.**

### **TERMS:**

Payment is due upon receipt of order.

### **PAYMENT OPTIONS:**

1. I can send you a PayPal invoice. The 3.2%(4.2% international) PayPal surcharge will be added to the invoice total).
2. Electronic images of a personal, business or bank check **drawn on a US Bank & payable in \$US** to Unobtainium Supply Co.: If you have a scanner, send 200dpi to 300dpi .JPG images (please NOT PDF) of the front & back via separate (for security) eMAILs.

I will add an endorsement to the back image & deposit the check electronically. Please hold onto the check until your bank shows that it has been paid, and then destroy it.

3. Mail a personal, business or bank check **payable in \$US** to:

i. Unobtainium Supply Co.  
523 Longley Rd.  
Groton, MA  
USA 01450

4. Heck, we'll even take \$ US cash, but **sorry, we're not yet set up for credit cards.**

**International bank transfers are also undesirable as our US bank charges a \$50 USD handling fee!**

**SHIPPING:**

Buyer pays shipping, & insurance costs from Groton, MA, Zip 01450, USA

**NOTE: CATALOG PRICES DO NOT INCLUDE SHIPPING.**

When shipping to **Unobtainium Supply Co.** please instruct shipping company or write on the box:

**"Signature not needed. Please place inside large grey plastic bin by garage."**

CUSTOMS: When sending items such as column switches for restoration, list them as customs category OTHER & use the description "Antique Auto Parts to be repaired and returned". This usually will avoid customs duties.

**TIPS for PACKING COLUMN SWITCHES:**

We suggest wrapping the main body with bubble wrap, then inserting sections of ~2" mailing tube over the stalks. The mailing tube should be about 1" longer than the stalk it's protecting. Tape the mailing tube to the bubble wrap, then wrap everything with more bubble wrap, or pack with inflated plastic packing. You can leave the housing around the switch. However, if the housing is metal, make certain it cannot shift & break a stalk when the package is tossed around.

We DO NOT recommend using packing 'popcorn' I've had switches arrive where the popcorn had shifted & allowed a stalk to get broken off.

Of course, mark the box **FRAGILE**, it might help but they'll probably toss it anyway(sigh). If the switch has a stalk broken off, please make sure that the box is large enough to hold the restored switch for return shipping. I recommend **USPS Priority Mail**, they don't ship large heavy things so unlikely to be crushed.

**ANNUAL HOLIDAY SHUT-DOWN:**

We shut down manufacturing & restoration services starting the week before Thanksgiving thru New Years, but will ship parts that are 'on the shelf'.

This shutdown is because:

- Holiday events & shopping take up so much time that we just can not make predictable turn-around promises.
- We have found that there are very few new orders during this period.
- We use this time to work off our backlog, develop new products & replace worn out molds.

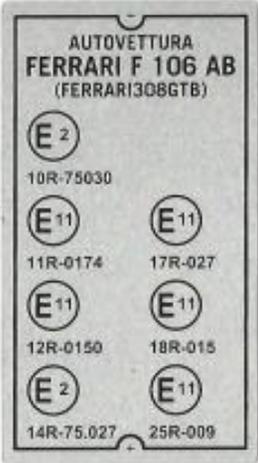

*However, if you really have an emergency, contact us, we'll help if it is possible.*

<u>Part#</u>	<u>Description</u>	<u>Used On</u>	<u>Shipping Weight</u>	<u>Price</u>
Column Switch Stalk Strip & Refinishing Service	Strip the old black or silver finish off of a stalk. Remove any corrosion & treat to prevent it recurring. Silver stalks can be electroplated with satin zinc & clear coated, or refinished with satin black. Black stalks refinished satin black.	Any black or satin silver column switch stalk		\$95.00/stalk
	If the stalk has severe pitting/corrosion it will be sand blasted, then plated & sanded multiple times to make a best effort to fill the pitting.	Stalk with severe corrosion/pitting		\$187/stalk
	The clearcoated satin zinc electroplating we use will most likely appear somewhat brighter than the aged silver finish on the other stalks of a switch. If you want all stalks to closely match, they all must be refinished.			

<u>Part#</u>	<u>Description</u>	<u>Used On</u>	<u>Shipping Weight</u>	<u>Price</u>
Column Switch Black Stalk Strip & color change Service	Strip the old black finish off of a stalk. Remove any corrosion & treat to prevent it recurring. Electroplate satin zinc & clearcoat..
